PROJECTS

Regional Financial Market Analysis (Capstone Project) | Spring 2025

- Conducted a thorough market research project analyzing consumer spending habits and manufacturing waste.
- Formulated strategic recommendations that highlighted a 15% potential cost reduction strategy for simulated small businesses.
- Presented findings using advanced data visualization tools to a panel of faculty members, earning the highest mark in the cohort.

EXPERIENCE

Finance & Accounting Intern

Apex Business Solutions, New York, NY | June 2025 – August 2025

- Assisted the core finance team in preparing quarterly financial statements and balance sheet reconciliations for 15+ corporate clients.
- Audited expense receipts and identified discrepancies, reducing monthly processing errors by 12%.
- Built automated dynamic spreadsheets in MS Excel for budget tracking, saving the internal audit team approximately 5 hours of manual entry per week.
