Dear hiring manager,

I'm excited to apply for the daycare worker position at Building Blocks Kids. Working with children has been fun and interesting for me ever since I got my first job as a summer camp counsellor at 15. I am especially excited about working for this daycare centre because I've looked at the photos of your facility on the website and it looks like an excellent environment for the children. Working at such an engaging centre aligns with my career goals, which are to expand my experience in this field and develop my teaching skills.

During my previous role at Toddlers and Tykes Daycare Centre, I worked with kids aged two-to-five. This included leading kids through physical activities, ensuring child safety, and maintaining attendance records. One of my favourite aspects of the jobs was creating new games for the kids to play, which many of the parents said their kids loved to talk about.

I am ready for more responsibility as an experienced daycare worker who has honed her child management skills. Currently, I am pursuing a bachelor's degree in child care and education and I feel working part time for Building Blocks Kids can offer great real-world experience to suit with what I learn from my studies. I believe my passion for and experience helping children make me an asset to any child care organization.

Thank you for your time and consideration. I look forward to learning more about your daycare worker position. You can contact me at any time to schedule an interview.

Sincerely,

Sarah Claudia
