Dear Mr. Stephan

My name is Maria Weisman, and I'm writing to express my interest in the Special Education Teacher position at New Mornings School. I have proven success in helping students reach their learning goals and have a passion for creating programs that fit both the collective and individual needs of students.

In my current role as a Special Education Teacher for Horizons School, I created customized learning programs for classrooms of 15 students with both physical and mental disabilities. As each student need is unique, I was able to modify the program for each student, helping parents to understand the assignments and lessons to further their growth at home. With personalized IEP records and documentation, I received full support from my aides and school leadership to help middle-grade students become more proficient in reading, writing and mathematics. With assistive technology, I've been able to accelerate learning growth.

Thank you so much for your consideration for the Special Education Teacher role at New Mornings. I know how much you care about your students by the consistent increase in proficiency exam results and future planning. You can contact me at the email address or phone number listed above. I look forward to discussing the position and my qualifications in more detail.

Thank you for your consideration,

Maria Weisman
