A2Z Design Company

Dear Mr. Smith,

I'm writing to discuss the position you have available at A2Z Design Company for a Graphic Designer. I've worked as a creative in the marketing field for more than a decade and my portfolio includes photography and graphic design work for local, national and international companies in several industries. My experience as a Graphic Designer has helped me develop my communication skills, learn how to cater my work to different clients and broaden my skill set to include motion graphics and animations.

While I enjoy the clients I currently work with as a freelance Graphic Designer, I'm looking to collaborate with a team of other creatives in an established agency setting. In the job description listed on the A2Z Design Company website, you mentioned that you're looking for a candidate who has experience working with the Adobe Creative Cloud Suite, managing ongoing creative campaigns for multiple clients and developing comprehensive brand guidelines. Throughout my career as a Graphic Designer, I've demonstrated my capabilities in each of these areas by:

- Maintaining my Adobe Certified Associate in Graphic Design and Illustration credential for the last eight years
- Working on an average of seven client campaigns at a time as a freelance Graphic Designer
- Creating holistic branding guidelines and marketing campaigns for clients in the health care, entertainment, food and consumer goods industries

As you can tell from these accomplishments, I'm passionate about developing my creative skill set and providing my clients with a wonderful experience. I also pride myself on maintaining a professional demeanor and responding to clients in a timely manner. Thank you for taking the time to review my application materials. I look forward to hearing from you and learning more about this opportunity. If you have any questions or need more information, please feel free to contact me by phone or email.

Respectfully,

Yusra Donovan
